

01/22/21

WACO family and Friends

It is great to see that some of you are already mailing in your yearly dues for 2021. Most of our members renew their membership in the first quarter of each year. We will get past all of this covid crap and get back to doing a lot of car activities. Thank You for keeping your interest in WACO and all of the things that we try to do.

We would like to have a WACO Luncheon if anyone is interested in attending. Please let me know if you are interested in having a luncheon so that we can plan one. We have several locations that we can go to if you are interested. If you have a spot that you would like to have a luncheon at, please let me know.

YES, there is a CARS CRUZIN 21 Calendar of Events coming out this year. I just got off of the phone with Daryl Standifer and he was out delivering them to the local businesses. You might wait a day or two for them to be delivered but you should be able to get one soon.

We have a kind of new **automotive / restoration business** in town. Richard Bartel sent me the information on "Mark's Restoration Parts". Here is what Richard and Mark have to say.

Just received this information from Mark below. I told him that I would forward his information to the Chevelle Club members. Good to have a new business locally to help us out on our future projects.

Hi, my name is Mark Choate, with **Mark's Restoration Parts**. I am located on West side of Wichita. Please keep me in mind on your next restoration project. I am a dealer for Auto Metal Direct, Dynacorn, American Autowire, P.U.I Interiors, and several other automotive companies.

I believe I can be competitive on prices and usually save on shipping.

Mark's Restoration Parts, Wichita, Kansas, 563-370-4749.

I received some exciting news from Ron Fleming about all of the events that will be going on at Mid America Dragway (MAD) this year.

To begin with it looks like they are going to do two car shows this year and two swap meets along with many types of racing events. The swap meets will be held April 16th & 17th plus August 20th & 21st. The car shows will be held March 27th and September 25th.

Some more exciting news is that **Rocky Mountain Race Week** will be at **MAD** on **September 22nd**. I know that many of you follow these race week series and now you will have the chance to attend one that is fairly close. They are fun events.

I will try to keep some of the MAD events listed in our WACO Events shown below.

I am not sure what we are going to do for a meeting spot in the next couple of months but as soon as we figure it out I will let you know.

For now we have decided that we are not going to have a meeting in February.

We might be able to have something going on later this month and I will keep you informed as we figure out what to do. For now we probably need to stay home and get this Covid crap behind us.

I am sure that we will meet at Richard's little Dairy Queen again in 2021 but for now it is closed for the winter.

The Midwest Chevelle Regionals for 2021 is on hold at the moment. I will send out a note on the Midwest Chevelle Regionals tomorrow.

Doug's Corner: Here are a couple of interesting facts. Did you realize that this year we have two Palindrome's. This month we can look from January 20th to January 29th and see a palindrome. For example 1-20-21 can be read the same forward and backwards. It will continue this way until January 29th. Then it will do it again December 1st through December 9th.

Also did you know where the phrase "Close but no Cigar" came from. In the 1920's when you went to a Carnival and played a game, if you won you received a Cigar. However if you did not win they said "Close but no Cigar. Doug

If any of you are still wanting to order face masks, here is the information.

Margaret Lafferty talked to many of us about the **face masks** that her sister Nancy is making. They are made with N95 approved material and she can custom make them to match your car. I think that they are only \$13.00 each.

She can make them in the color of your car, put the year of your car on them and she can put the WACO label on them for you. You can contact Nancy at Nancy Donahey nadonahey@gmail.com or 785.550.6027.

The face masks that Nancy did for me look great. David G.

That is all for now.

I hope to see all of you soon.

A dog had his chain reduced one link at a time, every few days, until his chain was so short he could barely move. He never resisted because he was conditioned to the loss of his freedom slowly, over time. It's happening to Americans.
