

04/03/24

WACO Family and Friends;

WACO monthly meeting;

It was a good time at the meeting even though we were all missing Kevin. 😊
There were a lot of people in attendance and I think we all had a good time.
We also discussed a lot of club things which I am sure Becky will cover in her meeting minutes when she puts them out.

The main thing that I want to mention is

Cruise time on Saturday;

It appears that there are storms a brewing for Saturday afternoon and they are getting earlier and earlier in the day.

So, Ron and I decided to call off the cruise and pizza at his place in Clearwater.

If you would like to we can still meet at Harbor Freight (10:30 am) and decide what we want to do. We could go ahead and go to the NSRA show for a while, which gets going at 10:00 am (see below) for a short cruise to beat the storms. Or not go at all.

Or we could just simply go somewhere like the El Mexico Café which is across the street from Harbor Freight and have something to eat and then go home to beat the storms. That is just a suggestion because we can go anywhere you would like.

I plan on being there at 10:30 so come and join me, no matter what you drive, and we will figure out what to do.

Saturday April 6th we did plan on meeting at Harbor Freight, Seneca & Pawnee at 10:30 am and then cruising to the National Street Rods Show. The NSRA April 6th show is at 1020 W. 103 ST SO, which is 1 mile west of the 103rd St S. and Broadway intersection. It probably will get going good after 10am. We will then cruise on to Ron Flemings house in Clearwater, 820 East Ross, for pizza and a chance to BS with the locals as well as our other members. This has always been a fun event, so plan on attending and driving your Chevelle if possible. If you can't drive your Chevelle then drive something else, just be there.

We may also do a poker run while on this cruise with a fabulous prize at the end.

😊

Birthdays this month;

April 4 Robin Bartel

April 14 Jay Guengerich

Compliments of Becky

WACO Ladies;

We have a WACO Ladies Breakfast scheduled for Saturday April 27, 2024, at 9 AM at Livingston's Cafe located at 4733 E. Douglas, at the corner of Douglas and Oliver. We will eat breakfast and then go back to Mike & Cindy's garage to assemble the raffle baskets for Regionals. Anyone is welcome to join us for breakfast and then if they have

time they can help assemble the raffle baskets. If you can't assemble the baskets, still come and join us for breakfast. We will need all supplies for the different raffle baskets by that date so we can assemble them. Any questions, please contact either Tammy or Becky!

PLEASE RSVP by April 24th, that might be helpful for the restaurant..

Becky Stukey

MILITARY GUNS AND COLLECTABLES SHOW – April 13th & 14th, 2024
Cessna Activity Center, 2744 S George Washington Blvd, Saturday 9-5, Sunday 9-3,
\$5.00 Admission

Please make sure that you read the T-shirt information that is below and get what you want on order.

Many of you have asked about the WACO club t-shirt and “when are we going to get some more” of them. That is part of what we are attempting to do now.

The first item on this t-shirt form is the original WACO t-shirt. It is silver / med gray with only the WACO logo on it. It will probably have a small logo on the front and a large one on the back. We will be selling these to members at approximately our cost.

The second item on the t-shirt form is a florescent yellow t-shirt with the MCR 2024 art work on it.

The reason that we are offering this shirt is that WSU wants the helpers with MCR 2024 to wear florescent colored shirts or vests while helping in the parking lot at our show. This is for safety reasons and also to help with identifying WACO helpers. We do have florescent colored vests that helpers can wear but for those of you who would rather wear a nice florescent yellow t-shirt we decided to offer them to WACO members at only the \$10.00 and \$13.00 price which is below our cost. You do not have to buy one, you can always wear one of the vests. There may be benefits at a later time to having one. 😊

The last item on the list is the MCR 2024 event t-shirt in silver / med gray. We are making this available on this form in case you forgot to order one while registering your vehicle for the big event. We are also offering this shirt on this form in case you are not going to put your vehicle in the show but you would still like to have an event t-shirt.

All of these shirts will be ordered at the same time from Prairie Print so they will be available in time for our show at the end of May.

All of these shirts will be available on a pre-order basis only.

MCR 2024 1,000 point judging. I want to try and clear up or maybe muddy up the 1,000 point judging class that we are doing at MCR 2024.

All of the cars in this class will be judged and receive a trophy with a picture of their car on it and the amount of points they received. They do not compete against each other they are all judged on their own quality of work.

All of the judging in this class is based on quality of work not on originality unless the owner says it is an original restoration. There is a big difference between judging original and judging quality for any of the classes that the car might be in. Most of the cars that want judged are not original restorations but are very good quality restorations. To judge in this class what the judges are looking for is quality of workmanship. If you have any questions please ask.

WACO Events-*****

WACO Monthly Meeting –Do not forget to bring your show and tell item for the meeting.

WACO Luncheon –

SWAP MEETS: Please let me know if you hear of more swap meets that I need to list.

CRUISES:

Needed or For Sale items:

If you need some upholstery work done please contact Russell Webbers friend Jessie Foraker 316-932-3991 at Stardust Upholstery. He will get you fixed right up.

Don Overstake, a WACO member, has a 468 CI engine for sale and you can hear it run if you are interested.

Brian McNeil, a WACO member, has a couple of cars to sell.

I am looking to sell a couple of my cars and some parts. I have a 1970 Chevelle LS6, red automatic, that is on the LS6 registry and had a frame on restoration performed by Rick Nelson of Muscle Cars Design and Restoration. The car doesn't have documentation, but Rick has all the photos for the unit. I also have a 1971 Monte Carlo SS 454, triple black in color, with all options. It had a complete three year restoration performed on it. I have a spare LS6 engine for a 1970 Chevelle LS6 4 speed that Rick Nelson restored for me as a spare, a TH400 automatic transmission, rear axle housing for a 1970 Chevelle F41 suspension that came off a LS6 car with a date code of Jan 1970.

I'm not sure how to post this stuff or sell it, but I would like them to go to good homes. Maybe you could share the above with some of the regional/local club members. People can reach out to me at my email or cell phone number if interested. Let me know about the club membership dues and I'll get those paid if I owe anything.

Respectfully yours,

Brian McNeil
